## **ELF50 TABLE TOP LABELING MACHINE**

### **INTRODUCTIONS:**

ELF series is the smart choice for the small production runs when efficiency and equipment cost is the major consideration. ELF series labeller is the best helping hands available.

It is the most economical and efficient in terms of capabilities. The aluminium and stainless steel design makes it portable and durable. The user-friendly operating system and microprocessor controls added features that can boost production efficiency. It is fast, easy to maintain and flexible enough to handle production schedule and product changes quickly and simply.

### **FEATURE:**

- Labelling counter Keep tracks of the quantity of products processed by the machine.
- Pre-set a quantity can be preset for a production batch and the machine will automatically stop as the quantity is attained.
- Label position set used to delay label application and adjust label position by simply touching the control screen.
- Five memory slots for fast and easy label set-up.
- Printer interface Future installation is accommodated by the printer port which provides timing controls for flexibility and clear quality prints. Stainless steel and anodized hardened aluminium alloys are employed to the structural design for a durable and stable machine.
- Stepper motors are used to provide fast and accurate labelling.
- Wide application range that can handle up to 180mm packages.
- Modular design concepts for fast and simple maintenance. Flexible enough to handle production schedule changes with simple adjustments for rapid changeover.

### **SPECIFICATIONS: Model**

**ELF-50**

**Voltage**

**110/220 VAC 50/60Hz Single Phase**

**Power**

**460 VA**

**Label Size**

**H:120 mm x L:300 mm Max.**

**Conveyor Width**

**160 mm Max.**

**Conveyor Speed**

**3~10m/min**

**Dispensing Speed**

**16 m(630")/min.**

**Label Reel Inner**

**76mm (3")**

**Label Reel Outer**

**250mm (9 7/8")**

**Dispense Driver**

**2 Phase Stepper Motor**

**Dimensions**

**1101mm(L) X880mm (W) X422mm (H)**

**Maximum Bottle Diameter**

**150 mm**

**Net Weight**

**Approx. 75 Kgs**
