Stand Alone Sleeve Labeler SL-10

Our shrink sleeve labeling machines series uses the latest shrink technology with the added large touch screen controls. The mainframe height can be adjusted automatically through the user friendly controls. Designed for durability, these machines will remain stable and operational even after long-term usage.

- Modular design and user-friendly interface.
- Accommodates various production needs at a reasonable price
- Pneumatically powered control system with customizable sleeve length.
- Made with stainless steel and hardened anodized aluminum for durability and elegance.
- Symmetrical design keeping the machine both stable and durable for long-term massive production needs.
- Adjustable sleeve diameter of 5" to 10".
- Includes mobility casters and stands to allow mobility while keeping it stable during operation.

Machine	Power	220VAC, 50/60HZ, 1PHASE
	Consumption	1.5KW
	Speed	<150bpm(ø70mmx120mmL)
	Weight	250kg
	Dimension(mm)	1000mmW x 1100mmD x 2000mmH
	Material	Glass, Metal, Plastic
	Shape	Round, Square, Oval, Curve
	Diameter	ø22mm~ø155mm
Container	Height	35mm~350mm
	Material	PVC、PET、OPS
	Thickness	.035mm~0.08mm
	Length	22mm~250mm
Sleeve	Drum Diameter	ø5"~ø10"
